Upper Darby has executed an agreement with the consulting firm of Wallace Roberts and Todd to assist the Township in the preparation of a Comprehensive Plan. The planning process represents a means of dealing with change. The purpose of the plan is to project future goals and objectives for the Township. It is a guide for future growth and development and will provide a blueprint for housing, transportation, business, recreation, community facilities, land use, education, and other aspects of the Township.

The appointment of a steering committee will focus on the purpose, structure and application of the plan. The members serving on this committee represent a vast cross section of the community. Therefore, I would like to submit to Council for their approval the appointment of the following individuals to serve on the Comprehensive Plan Steering Committee.
